Web Developer

21/08/2022

A big greeting to you **Emonitor** team,

I am excited to be applying for the Junior Frontend Developer position in your company. I believe that my skills and experience makes me the perfect candidate for this role.

I have been working as a web developer approximately for the past two years. In that time, I have gained experience in both back-end and front-end development. I have also worked on a wide range of projects, from small, simple websites to large, complex ones. My skills include HTML, CSS, Javascript, React, Node.js, Java, No-Sql, Firebase.

I am a motivated and hard-working individual who is always looking for new challenges. Also very excited to learn and grow as a developer, and I am confident that I can be a valuable asset to “Emonitor”. My responsibilities included creating wireframes, writing code, testing code, debugging code and troubleshooting problems with the website.

I would be grateful for the opportunity to discuss my qualifications with you in further detail. Thank you for your time and consideration. I look forward to hearing from you soon. On the following link you can see my CV website with the possibility of printing like a PDF.
